Dear Mr. Byers,

Attached, please find the supplemental analysis ("Supplement") requested by the Federal Aviation Administration ("FAA") in its March 15, 2013 letter responding to the Part 161 Application filed by the City of Los Angeles on January 28, 2013 ("Application"). As explained in the Supplement, the City respectfully disagrees with the FAA's position that the Application is incomplete. However, to eliminate any doubt about the completeness of the application, to encourage its prompt approval and to address other questions raised by FAA, the City is providing this Supplement.

Please contact me at 424-646-6499, or by email at statro@lawa.org, if you have any questions during your review of the Application and the Supplement.

Sincerely,

Scott Tatro
Airport Environmental Manager I
